

THE ALTON WELLNESS & RECREATIONAL CENTER FOR FIREFIGHTERS & FAMILIES

ALESSIA MAFFEO

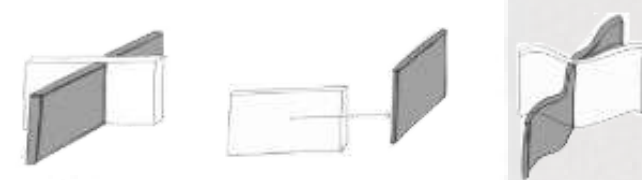

CONNECTION

RECREATION

This Wellness and Recreational Center is set to serve as a channel, bridging the gap between firefighters and their support systems, particularly their families. Creating a seamless flow within the space to promote unity and shared experiences. Encouraging a sense of connection, the Center as a transformative haven for firefighters and their families. Within this space, design elements and features serves a purpose—to strengthen bonds, celebrate shared journeys, and foster a collective sense of well-being.

CONNECTION

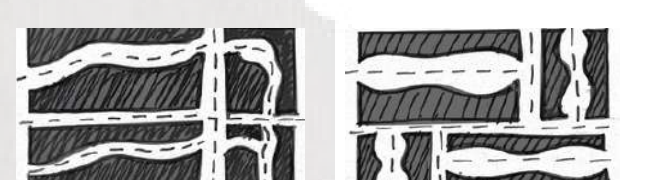

Modeled partis explore two elements interconnecting with one another. Creating seamless points of connection through 3-dimensional forms.

UNITY

A central source of connection (points of intersection) radiates outward through linear paths, uniting all components seamlessly.

SHARED EXPERIENCES

Seamless travel and points of intersection, navigating diverse interconnected paths throughout the space.
